sia, with Liverpool dates to the 12th inst , arrived this afternoon. The steamer North America arrived out

on the 10th, and the steamer Arago on the Affairs upon the continent were generally unchanged. The expedition of Gen. Garibaldi, to assist

the revolutionists in Sicily, is the prominent topic of the day, but there is nothing authentic as to his landing. It is however believed that the insurrection continues in the interior of the Island. Garabaldi's expeditionary force numbered

22,000 strong, and were well provided with the munitions of war. They left at midnight on the 5th, and it was reported that he would land in Calabria, to create a diversion of the Neapolitan forces to that point. The latest advices from Sicily say that the insurrection continues, and that the insur-

gents had concentrated at Gifalu. Garibaldi's Lieutenant, Demedici, expected to sail in a few days with 12,000 men.

volunteers, to join Garibaldi. It was reported that Demedici, Garabaldi's Lieutenant had enroled 6000 men for Sicily. principally in Lombardy and Vienna, but it is asserted that the Sardinian government would be asked to interfere and prevent the

sailing of the expedition. Late advices from China have been reeived. They announce that a panic existed at Shanghai, owing to an advance towards the city of the Rebels, and business had been generally suspended.

The Manchester cotton supply association had held its annual meeting. The prospect for the extension of the cot-

ton producing area, was reported to be encouraging. The Bank of France had gained over three millions of pounds during the month.

Reports were again in circulation of Russian intrigues against Turkey. The Paris Bourse was unsettled and had declined 40c since the 10th.

Methodist General Conference.-18th day. Buffalo, May 22 .- The business before the Conference, to-day, was the reception of reports from committees.

Mr. Webster, from the Committee on Temperance, submitted a report recommending that the preachers be instructed to co-operate in all proper efforts for securing, in all States in which they may reside, laws looking to the utter extinction of the traffic in intoxicating liquors. The report also approves of the practice of using domestic wines for sacramental purposes, in view of the adultera tion of commerce; disapproves of the practice of keeping ale or beer for family use; and of the renting of buildings for the purpose of traffic in liquors; and urges decided action on the part of the Church, in every way calculated to put down the great vice of

intemperance. The report was adopted. Mr. Pawer, from the Special Committee on Divorce and Re-marriage, reported that it is the sense of this Conference that the marriage relation can only be dissolved by a violation of the seventh commandment or by death, and that a subsequent marriage by either party, while both are living, is contrary to the teachings of the Holy Scriptures. Laid on the table and ordered to be printed.

The report of the Committee in relation to the Centenary of Methodism was recommitted, additional documents having come to hand to prove that Methodism was not established in this country till 1766.

A resolution by Mr. W. C. Smith that the mestion on the adoption of the report of the Slavery Committee be taken without debate by the ayes and nays, was summarily laid on the table.

A resolution by Mr. Merritt instructing the Committee on Itinerancy to inquire whether the resolutions passed by the Baltimore Conference at its last session, on the subject of slavery, are in conflict with the discipline. Carried.

Considerable discussion ensued, gentlemen urging that it was an attempt to take action on the slavery question, in advance of the day fixed for its consideration. The resolute of the father who desires the removal of his chiltion was finally indefinitely postponed.

A resolution was offered by Mr. Reddy,

that in the reception of the memorial from the National Association of Local Preachers of the M. E. Churches of the United States and by the admission of the deputation from that body, no intention was had to recognize the Methodist Church South, but only such as are members of its own church.

The order for to-morrow is the Slavery Committee's reports. The time allowed to each member to speak upon the subject was to-day fixed at thirty minutes.
